

At CAPNCM, we focus on assisting low-income people in their efforts to become self-reliant. We strive to work in partnership with the state, counties, communities, and other agencies to provide a range of human and economic development services and activities. The goal of these services and activities is to address and ease the misery of poverty, replace despair with opportunity and hope, make known the plight of the poor, focus in on people, individuals, families, communities, and facilitate problem solving.

Our Vision

CAPNCM envisions a world without poverty in which all people have access to necessary resources and are treated with dignity.

Our Mission

CAPNCM offers services to individuals to become self-sufficient by empowering them to obtain the resources needed to build strong families & communities.
